

Vassar Brothers Medical Center Patient Pavilion

Location: Poughkeepsie, NY

Client: Health Quest

Construction Manager: CallisonRTKL

Architect: RTKL

This \$545 million expansion project is scheduled to open in early 2020 and includes 264 private patient room, 66 emergency and trauma treatment bays, 12 surgical suites and a 300-seat conference center. The building is 696,000 sq. ft. and its curved design follows the aesthetic of the Hudson River. With its sustainable design the Patient Pavilion is set to achieve LEED® certification.
